GREECE

A hilly loop where you explore Sivota. The loop follows the 5,4km loop with two extra hilly loops.

Start easy in the uphill on the Mainroad to Sivota when it starts to go downhill you can increase your pace and outside Hotel Albatros you turn left. Follow that road for 1km to Sivota Plaza and run, on the other side of the Plaza you run up the steep hill and take the first right for a 700m loop around the little hill. When you come back to the Plaza, turn left to the beautiful Port of Sivota. Pass the Supermarket and follow the street 250m and turn right on the top of the small hill. Follow that road 500m up the hill to the Mainroad and turn right. Run down the Mainroad 650m and turn left. Run up the road 1km to the top where it turns right then you have 600m to recover and turn right. After 200m turn left and next left again. After appx 300m when the road ends you turn right and direct to the left. After 100m take the first right and pass Casa Georgia and then turn left. Follow that curvy road for appx 600m to the roundabout and then turn right and have a pleasant downhill run for appx 500m and then turn left and run downhill the last 200m on the narrow concrete road direct to the Isola Verde.

All loops start outside Hotel Isola Verde on the Mainroad
